	<u>PARTS LIST</u>	<u>DESCRIPTION</u>	<u>ORDER PART #</u>
A		FOOT CAP <i>FACTORY ASSEMBLY</i>	FC0030

AAF06000

ASSEMBLY INSTRUCTIONS

- 1 Attach a leg connector bar to the middle leg by using the bolts and washers as shown in **Figure 1**. Guide the bolts through the holes in the leg connector bar, into the pre-drilled holes in the middle leg. **Hand tighten only 2-3 turns**. Repeat for the other leg connector bar.

Figure 1

- 2 Attach a side leg to the leg connector bar by using the bolts and washers as shown in **Figure 2**. Guide the bolts through the holes in the leg connector bar, into the pre-drilled holes in the side leg. **Hand tighten only 2-3 turns**. Repeat for the other side leg.

Figure 2

- 3 Attach the assembled base to the seat frame by using the bolts and washers as shown in **Figure 3**. Guide the bolts through the holes in the side legs and middle leg, into the pre-drilled holes in the seat frame. **Hand tighten only 2-3 turns**.

Figure 3

- 4 After making any necessary adjustments to the alignment of the ottoman, use the hex bolt driver to tighten all bolts. Repeat until all bolts are tight. **Do not over tighten**. Over tightening may strip bolts. Cover all bolts with covers.

ASSEMBLY INSTRUCTIONS

- 1 Place the table top upside down on a flat, non-abrasive surface. Attach a table leg to the table top by using the bolts and washers as shown in **Fig.1**. Guide bolts through holes in the table legs and into the pre-drilled holes in the table top. **Hand tighten 2-3 turns only**. Repeat for the other three legs.

Fig.1

- 2 Attach a leg to the leg connector bracket by carefully guiding the bolts already in place on the table legs (each leg has two bolts) through the holes in the leg connector bracket. Add a washer and a nut to the end of each bolt as shown in **Fig.2**. **Hand tighten only. Do not tighten completely**. Repeat on the other three legs.

Fig.2

- 3 After making any necessary adjustments to the alignment of the table legs and the leg connector bracket, use the hex bolt driver and hex wrench to tighten all nuts and bolts. **Note:** each bolt and nut must be tightened a few revolutions at a time. In order to apply equal pressure to all bolt joints, we recommend working in a cross corner (X fashion). Repeat until all bolts are tight. **Do not over tighten**. Over tightening may strip bolts. Cover all nuts and bolts with covers.
